Burial Ground Lane  
Maidstone  
Kent, ME15 6RJ

With its 16L tank and fuel-sipping 128 mpg engine, the Isca can deliver a week`s commute on a full tank. A centralised balance shaft keeps engine revs vibration to a minimum. The low seat enables smaller riders a sense of well-being on the bike whilst still giving the impression of being well positioned to see through the traffic ahead. Cushioned by the piggy-back rear shocks, the Isca can deal with today`s road surfaces. Combined, front and rear braking, bright LED indicators and a digital display with handy gear shift indicator all add to rider ease. A bold, fresh design combined with two dashing colour schemes add smart looks to this efficient machine. The Isca is a great city bike. Comfort, style and economy. A triple bonus for today`s urban riders.
